Recommendation for Committee:

None; this item is for information only.

Background:

As part of SACOG's Sustainable Mobility program, May is Bike Month is an annual regional campaign that promotes bicycling for transportation to reduce traffic, improve air quality, and decrease greenhouse gas emissions. Every May, residents in the six-county region challenge themselves, family, friends, and colleagues to swap car trips for bicycle trips and learn more about bicycle safety. Commute, errand, and recreation bicycle trips can all be logged online. Participants register, log miles, earn virtual badges, and are entered for prize drawings at [MayisBikeMonth.com](https://www.MayisBikeMonth.com).

In 2022, SACOG transitioned full management of the May is Bike Month campaign to the Sacramento Area Bicycle Advocates (SABA), a lead partner organization, to shift staff resources toward other priorities in the Sustainable Mobility program.

Discussion/Analysis:

SACOG and SABA staff reported out on this year's May is Bike Month campaign at the committee meeting, and covered the following topics:

- Overall campaign management
- Campaign launch and partnerships
- How community members can participate

- Planned events and activities

Fiscal Impact/Grant Information:

Included in the Overall Work Program/Budget
