Issue:

The Transportation Development Act (TDA) requires that SACOG, as the four-county Regional Transportation Planning Agency, make annual unmet transit needs findings for the Sacramento Regional Transit District (SRTD) and for jurisdictions eligible to use TDA funds. SACOG must hold a final public hearing before the board prior to the Unmet Transit Needs findings being finalized.

Request:

Approve

Recommendation for Board:

That the SACOG Board hold a public hearing on unmet transit needs at its January 16, 2025, meeting.

Recommendation for Committee:

None.

Background:

State TDA statute established a Local Transportation Fund (LTF) for each county. LTF revenues are derived from 1/4 cent of the state retail sales tax and are returned to each county according to the amount of tax collected. LTF funds are apportioned to jurisdictions within each county on a population basis. In Sacramento County, the LTF apportioned to jurisdictions located within the SRTD may only be used for transit service. However, jurisdictions located outside of the SRTD may use their LTF apportionments for bicycle, pedestrian, and streets and roads projects, provided they have no unfunded transit requests that meet SACOG's adopted definition of "unmet transit needs" that are "reasonable to meet."

Discussion/Analysis:

It is the responsibility of the SACOG board to make annual Unmet Transit Needs findings for Sacramento, Sutter, Yolo and Yuba Counties and the cities therein, and the SRTD. SACOG is holding the final public hearing for the Fiscal Year (FY) 2025-26 Unmet Transit Needs Process at the January 16th, board meeting. This final public hearing is being held prior to bringing recommended findings to the board for their review and approval in February, to allow time to analyze any new comments.

Fiscal Impact/Grant Information:

The required Unmet Transit Needs Process is included in OWP/Budget. There is no fiscal impact to SACOG's operating budget from holding this final Unmet Transit Needs public hearing.
