#### Issue:

Adoption of the 2025 Land Use & Natural Resources Committee Charge

#### Request:

Approve

#### Recommendation for Board:

That the board adopt the charge for the Land Use & Natural Resources Committee.

#### Recommendation for Committee:

Staff recommend that the Land Use & Natural Resources Committee recommend that the board adopt the attached charge for the Land Use & Natural Resources Committee.

#### Background:

The Land Use & Natural Resources (LUNR) Committee is a policy committee of the SACOG board. The members of the committee are appointed by the SACOG board chair to serve a term of one year. The committee develops recommendations for the full SACOG Board of Directors related to issues of land use and natural resources, including land use planning activities, housing, air quality, climate change, water resources, flood protection, and open space.

#### Discussion/Analysis:

The committee charge for 2025 draws on the activities and priorities in SACOG's Overall Work Program and Strategic Plan. This charge remains largely unchanged from 2024 with much of the work in the coming year focusing on the update of the region's Metropolitan Transportation Plan/Sustainable Communities Strategy (MTP/SCS), or the 2025 Blueprint. The committee will also oversee the administration of more than \$50 million in grant funds supporting planning, engineering, and infrastructure upgrades in Green Zones through SACOG's Green Means Go program. Finally, the committee will guide staff's activities to support infill development, housing production, and affordability in communities throughout the region.

At the committee meeting, staff will provide an overview of the key responsibilities of the Land Use and Natural Resources Committee, as well as highlight some issues that will come before the committee in 2025.
