

Potential SACOG-led Planning Grants

Attachment C

Grant Program	Subject/area	Description	Potential Partners
Strategic Partnerships - Transit	Old North Sacramento Valley Rail Station TOD	Multimodal planning in support of transit-oriented development in the vicinity of the Old North Sacramento "Valley Rail" station and two Sacramento Regional Transit stations. The Valley Rail Program will provide new intercity and commuter passenger rail service connecting Sacramento to destinations throughout the Central Valley. Valley Rail is being planned to connect to high speed rail at Merced, extend as far north as Chico in Butte County, and provide additional new connectivity between Sacramento and the southern Bay Area.	San Joaquin Regional Rail Commission, City of Sacramento, Sacramento Regional Transit District
Strategic Partnerships or Strategic Partnerships - Transit	US 50 Comprehensive Multimodal Corridor Plan	Create a data-driven plan to reduce vehicle miles traveled and greenhouse gas emissions, identify mobility solutions, and preserve community character while creating opportunities for neighborhood enhancement projects.	El Dorado County Transportation Commission, Sacramento County, Sacramento Regional Transit District
