

TRANSPORTATION COMMITTEE CHARGE FOR 2022

Purpose: The Transportation Committee shall develop recommendations for the full SACOG Board of Directors relative to issues regarding transportation planning, funding, and services.

Activities: Activities of the committee may include but are not limited to:

- Providing recommendations to the Board of Directors on SACOG activities relating to transportation planning studies, projects and programs on travel modes that include roads, transit, bicycling and walking.
- Providing recommendations to the Board of Directors on SACOG activities relating to transportation funding activities, including revenue forecasting, project delivery, and the programming of federal, state, and local monies that flow through SACOG;
- Overseeing and providing recommendations to the Board of Directors on the 2022/2023 Regional Funding Round program and funding decisions, as well as participating in the funding round working group created to guide the 2024 funding round program;
- Overseeing SACOG's efforts to implement the findings and recommendations of the Next Generation Transit Strategies, and related efforts that seek to improve regional travel and expand access to mobility options, including the ongoing Regional Transit Network Plan and the upcoming Mobility Hubs project;
- Providing guidance for developing coordinated transportation grant funding strategies as a region, including identifying regionally significant projects, opportunities for partnerships across agencies, and developing a prioritized list of projects for federal and state grant funding programs;
- Providing recommendations and direction to the Board of Directors throughout the development of the RAISE grant-funded Mobility Zones project;
- Providing guidance and recommendations related to major infrastructure projects on our region's highway network, including ongoing policy development, collaboration and partnership on managed lanes, tolling, and pricing projects;
- Providing recommendations to the Board of Directors on SACOG activities relating to transportation innovation, including transportation demand management, innovative mobility, and advanced technologies;
- Providing guidance and direction on carrying out the recommendations of the Board's Race, Equity, and Inclusion (REI) Working Group as they relate to furthering transportation policies and strategies that prioritize equitable mobility access and opportunity, and recognizing the critical role of mobility in improved economic and

health outcomes in underserved and disadvantaged communities;

- ~~In coordination with the Land Use & Natural Resources Committee, providing recommendations to the Board of Directors on SACOG activities relating to transportation air quality conformity;~~
- ~~Providing recommendations to the Board of Directors to help implement the policies and strategies in the Metropolitan Transportation Plan & Sustainable Communities Strategy (MTP/SCS) and mitigation measures in the associated Environmental Impact Report (EIR) that involve a SACOG role;~~
- Providing recommendations to the Board of Directors to help coordinate transportation, air quality and land use issues within our region to ensure that all issues are considered in an integrated manner;
- Advising the Capitol Valley Regional Service Authority for Freeways and Expressways (SAFE) Board; and
- Serving as a regional forum for discussing transportation planning and policy issues.

Membership: The current chair of the SACOG Board of Directors shall appoint the members of the Transportation Committee.

Term of Committee Members: Members of the Transportation Committee shall serve for a term of one year.

Officers: The current chair of the SACOG Board of Directors shall designate one of the committee members to serve as committee chair and one or two to serve as committee vicechair.
