Referring Committee: Not Applicable

1. Issue:

Staff has reviewed requests for Local Transportation Fund (LTF) for compliance and recommend approval of two claims under the Transportation Development Act (TDA) fund.

2. Recommendation:

Staff recommends that the Board approve this summary resolution of the TDA claim listed below.

1. City of Sacramento (FY 2022-2023) for \$654,823

Resolution 56-2023

2. City of Yuba City (FY 2022-2023) for \$3,460,760

Resolution 57-2023

3. Background/Analysis:

The Transportation Development Act (TDA) authorizes eligible cities, counties, and transit operators to receive TDA funds for transportation purposes and street and road projects. TDA funds are made available from sales tax receipts. Local Transportation Fund (LTF) allocates ¼ percent of county sales tax revenue which is then made available to eligible local agencies while the State Transit Assistance (STA) program is provided by the State from the statewide sales tax on motor vehicle fuel (gasoline) and use fuel (diesel). State of Good Repair (SGR) fund Program provides additional revenues for transit infrastructure repair and service improvements and is derived from a portion of vehicle registration.

SACOG board approves TDA allocations revenues in March of each year before claims can be filed as stipulated by TDA statutes. Current board policy calls for routine TDA claims for allocation revenues to cities, counties, and transit operators to come directly to the board without review by a committee. These funds will be used as authorized by law for various purposes and in the amounts shown on the attached resolutions.

4. Discussion/Analysis:

Staff has reviewed the claims and found them to be in compliance with TDA and consistent with the Metropolitan Transportation Plan/Sustainable Communities Strategy and the Short-range transit plans.

5. Fiscal Impact/Grant Information:

There is no fiscal impact to SACOG's operating budget from a local TDA claim. Staff time to administer the funds is included in the agency's adopted overall work program.
